Sirs:

I have been a ham now for nearly 20 years, I had to do morse code to get my license and am a firm believer that it should stay in place. It will help weed out those who are not really dedicated to amateur radio. So please leave the code as a requirement.

I am happy to see the changes in the frequency ranges you have proposed though. I think it a good idea, I hope you will leave them as is.

I do not mind the changes in the types of license. That might be alright.

I thank you for letting us have a say.

Thanks,

EDWARD L. CAMPBELL...NT4TT
